BEVERAGE

By Nicolas Kucher-Gomez

moo-moo milk

This milk is a pure, wholesome classic, full of fresh, creamy flavor that brings comfort in every sip. Served cold straight from the carton, it’s refreshing and smooth, perfect on its own or poured over cereal for a nourishing start to the day. Its clean, white color reflects its simplicity, while the aroma is subtly sweet with soft notes of fresh cream and a hint of grassiness from the pasture. On the palate, it’s rich yet light, with a silky texture that coats the mouth gently. The natural sweetness lingers just long enough, leaving behind a cool, satisfying finish.

Tropica Splash

This soda bursts with vibrant, tropical energy, led by the bold and juicy flavor of blue raspberry. We love it chilled over ice for a crisp, thirst-quenching treat, or mixed into a summer punch for a fun and fruity twist. Its striking electric blue hue is as eye-catching as it is inviting, while the aroma offers a playful blend of candied berries, citrus zest, and a subtle hint of coconut. On the nose, there’s also a whisper of fresh mint, adding a cool, breezy note. The finish is smooth and refreshing, with the tangy sweetness of blue raspberry lingering just long enough to make you reach for another sip.

CASSIS MONNA & FILLES

This wine is full of summertime flavors with a rich concentration of black currant. We serve it on ice for a refreshing cocktail or add it to sangria for a festive touch. Along with its ruby color, it gives out aromas of ripe red fruit and citrus. There is a floral element on the nose, as well as a hint of leather and smoke. The silky tannins create just enough structure to balance the fruit and the black currant lingers on the finish.
